• The dictionary tells learners in detail what they need to know about English.
• The entries are selected on the basis of frequency and relevance to the learner’s level and needs.
• They are compiled by a team who have experience of teaching English in the relevant country, who know the exams that students are preparing for, and understand their problems.
• Oxford bilingual learners’ dictionaries share the features of our monolingual learners’ dictionaries:
  – reliability guaranteed by corpus research.
  – active help with using English as well as understanding it.
  – numerous example sentences reflecting contemporary usage.
  – cultural notes, study pages, and appendices on areas of particular interest.
